## SCHOOL WARRANT

To the inhabitants of the School District in the town of Swanzey qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the eleventh day of March 1947, at one o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

6. To choose Agents, Auditors, Committees in relation to any subject embraced in this warrant.

7. To see if the District will vote to make any alterations in the report of the School Board recommending the amount of money required for the support of schools and payment of statutory obligations.

8. To see if the District will vote to authorize the School Board to make a contract with the Union School District of Keene for high school instruction for 1947-1948 at a rate of one hundred dollars ($100) per pupil.

9. To see if the District will vote to raise and appropriate the sum of $3.000.00 to pay for the additional expenses incurred during the current year, $2,300.00 of which shall be used for payment of teachers' bonus for the year 1946-1947.

10. To see if the District will vote to authorize the School Board to sell and convey the land and buildings known as District No. 9 on the westerly side of the highway to Richmond.

11. To see if the district will elect to approve inclusion of its officers and employees other than those eligible under the Teachers Retirement System in the Employees Retirement System of the State of New Hampshire, which system is provided for by Chapter 27A of the Revised Laws as inserted by Chapter 183 of the Laws of 1945 and as provided by Chapter 201 of the Laws of 1945 and any subsequent amendment thereto.

12. If the district votes in the affirmative on the preceding article, to see if the district will vote to raise and appropriate the sum of thirty-five dollars and twenty cents ($35.20) for the purpose of providing funds for the district's contribution to said retirement system for the coming year.

Given under our hands at said Swanzey, this eleventh day of February, 1947.

## REPORT OF CUTLER SCHOOL

To the Superintendent of Schools:

In answer to your request, I wish to submit the following information in regard to the Cutler School.

The completion of the new basement during the summer added greatly to the utilization of the new addition. This spacious room is now the center of activity, being used for music classes, group meetings, assemblies, entertainment, indoor play, and a lunchroom. A small adjacent room has been partly equipped for a kitchen.

An oil heating system has been installed to take care of extra heat needed for the larger building. Smaller heaters were added for the new basement.

Many smaller items have been replaced or added as the need arose. There are still many items needed, such as supplementary reading materials, and storage shelves for books and supplies.

Much work has been done on the grounds. Grading was necessary to clear the playgrounds and make ready for planting. The "Old Homestead Garden Club" donated shrubbery and bulbs for the project. The planting of these and the care of the grounds has been done, for the most part, by the pupils.

A sidewalk was laid from the south entrance to the front driveway, adding to the safety and convenience of the pupils.

A school lunch program is now serving over 60 pupils each day. This number will be increased as soon as equipment will permit. The program is a part of the federal lunch program. Although in operation, many items such as storage for food, drainage, hot water, and other equipment are needed to complete the project. The lunchroom has been made possible through the cooperation of a group of civic minded women, giving both time and effort. The names of the people who assisted in this program are as follows: Mrs. Arthur Perry, Mrs. Stanley Austin, Mrs. Ellsworth Bent, Mrs. Clifford Reynolds, Mrs. Peter Holbrook, Mrs. David Perry, Mrs. Joseph Metcalf, Mrs. Charles Maslen, Mrs. Harrison Maynard, Mrs.

Joseph Evans, Mrs. Cecil Plummer and Mrs. Joseph Mingolla. Many other mothers have volunteered their services as substitutes in the absence of regular committee members.

Teachers and pupils have undertaken to raise a fund for the purchase of a sound projector for the school. To date, we have $330.00 raised from a Hallowe'en Carnival and the generous donations of civic organizations and interested friends of the school. A total of about $500 is needed for the proejctor and screen. As a means of visual education, this should add much to the enrichment of learning for each pupil.

Respectfully submitted,
MARIE A. CAPRON,
Principal.

# REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the Swanzey School District:

I herewith submit my second annual report as superintendent of schools.

## FINANCES

The inflation which took place during the summer and fall of 1946 has again made it necessary to face a deficit. Citizens will recall that the miscellaneous expenditures connected with the Cutler School addition, the East Swanzey artesian well, etc., caused a deficit of approximately $5,000.00 last year. This matter was explained in detail in the last report of the Superintendent of Schools. The deficit of $5,000.00 was raised at the district meeting on March 12, 1946. This appropriation made it possible for the school district to meet all obligations outstanding at that time.

The budget for the current school year 1946-1947 was prepared in December, 1945. We felt at that time that we had budgeted liberally enough to take care of a normal amount of inflation. However, the discontinuation of the Office of Price Administration and the consequent increase of cost of living during the summer and fall of 1946 actually put our teachers in a precarious position. The attention of the nation has during the past year been focused upon low teacher salaries. Very early in the school year, the Swanzey School Board accepted the recommendation of the Superintendent that a $200.00 bonus he paid to all Swanzey teachers. Even though the money was not available in the treasury at that time, we knew that it might not be possible to retain all of our present staff for the current year unless we made a reasonable salary adjustment. Payments on the teacher bonus started on Jan. 1, 1947. All teachers will receive the total amount of the bonus by the end

of the school year. The school board was confident that the citizens of Swanzey would approve this action at their annual school meeting in March, 1947. The bonus accounts for $2,300.00 of the deficit in the town warrant.

In addition to the deficit created by the teacher bonus, it is expected that we will expend at least $500.00 more on tuition than was originally appropriated. We now have 115 students at Keene High School. Approximately 12 others have been in attendance for part of the year. There are also 4 students in attendance at Thayer High School in Winchester. This figure is considerably above the number contemplated last year. We also expect to expend $200.00 more on transportation than was originally appropriated. These sums account for the $3,000.00 deficit which is being requested as a special appropriation in the school warrant.

It should be noted that the school district has received from interested citizens a total of $3,800.00 in gifts for completing the work on Cutler School. The many improvements in the Cutler School have been made possible by these gifts.

## BUDGET, 1947-48

An analysis of the budget for 1947-48 which appears elsewhere in this report will reveal the total assessment of $56,713, not including the proposed deficiency appropriation of $3,000.00 which appears as a special article in the school warrant. This represents an increase of 25.8 per cent over the assessment of $47,472 made on the town last year for school purposes. The largest single increase is for teachers' salaries. The proposed appropriation is approximately $5,000.00 more than was appropriated for the school year 1946-47. It is about $2,500.00 more than will be actually expended this year for salaries and bonus. Prices for books and supplies have gone up from 30 to 40 per cent. Corresponding increases have been made in the appropriations for these items. Another large increase has been made on the item for payment of high school tuition. This is $13,500 compared with $10,000 last year. The rate of tuition at Keene High School has been increased from $90.00 to $100.00 for the next school year. Our present high school enrollment, less twelfth grade graduates, plus eighth grade graduates, approxi-

mate 135 for the next school year. There are always some who drop out so that item should be sufficiently large to cover the matter of tuition. We underestimated on this item during the present year because of a number of returning veterans who reentered high school. Numerous other small increases account for the remainder of the budget increases. The district is now assessed 4 per cent of the salaries of all teachers who are members of the State Teachers' Retirement Association. The budget for next year includes an item of $782.00 for this purpose. This will increase considerably next year because of increased salaries and the increasing per cent of membership.

The budget also includes $5,000.00 for payment on principal of debt due this year. Interest due on this debt is estimated at $200.00. In addition to this payment, there is a sum of $10,000.00 yet to be paid on the $20,000.00 debt incurred.

## CUTLER SCHOOL

The contracts of the architect and construction engineer for the Cutler School addition were completed last summer. Because of various changes in the original plans, necessitated by increasing building costs, there were many details to be finished. The biggest unfinished job was the installation of a cement floor in the basement, as well as a cement walk to the side door of the new addition. This work was completed prior to the opening of school. The basement room has now been equipped with chairs for use in the school lunch program as well as the music program. Cafeteria tables are expected at a later date. The small room in the basement has been partially equipped for serving school lunches. A large electric refrigerator, an electric stove, a sink and a large shelf have been installed. There is, at present, no cupboard space for the storage of miscellaneous kitchen utensils, chinaware, and food supplies which have already been accumulated. Drainage for the sink has not, at the present writing, been installed. The Board is now planning to install a centrifugal pump to take care of the drainage from the sink.

The federal government has provided funds for the purchase of new equipment for lunch rooms. This offer was good through July 1, 1947. In order to take advantage of this offer,

requisitions for the allotment of federal funds were made. A total of $478.73 has now been allocated by the federal government. These funds have to be matched by an equivalent amount of local money. At the present time, about half of these funds have been spent for lunchroom equipment. The school lunch program is also subsidized by federal money to the extent of 9 cents per meal. This program is now under the supervision of a group of community minded women. They are giving their voluntary and unpaid support to this program. The administration of the program is under the general guidance of the principal. However, the purchase of supplies, the preparation of menus, the purchase of equipment, etc., are completely under the supervision of the committee of community women. The Superintendent and School Board wish to express appreciation for the fine work of this committee whose names are listed in the report of the Cutler School principal. School lunch programs are usually initiated and supported by community committees for the first year or two. However, after the first year, many communities have found it possible to employ a paid supervisor to handle all the details of preparations and serving of the school lunches. The many details connected with purchasing food, planning menus, preparation of food, serving, and general clean-up work for 60 pupils require, at least, the full time service of one paid supervisor. Oftentimes, the older children form committees to assist in serving and doing dishes. Many communities find that the school lunch program is completely self-supporting after the first year. The fee paid by each child plus the government contribution is usually enough to take care of all expenses, including the salary of the supervisor. The experience gained from the Cutler School lunch program this year will enable the present committee to determine how they wish to operate another year.

An oil burner was installed in the Cutler School in the fall. This greatly reduced the work required of the school janitor. It should give more time for the care and cleaning of the school building. The new addition involves considerably more work than the old building. The floors in the two new classrooms, teachers' room, toilet and corridors need to be waxed regularly. While the basement room is not yet finished, it

will, at a later date, require regular janitorial attention. The cement floor has not as yet been sealed. The school board was advised to allow the cement to cure a full year before the application of any kind of seal. There, is at present, a great deal of dust from the cement floor when the room is in use. This is a handicap to the music classes and to the lunchroom personnel. Plans are being made to have this floor sealed during the coming summer. The cement walls should also be treated in the same manner as the floor. At some later date, the district will want to install a ceiling in this basement room. This is a sizeable job which will probably require a special appropriation another year.

During the summer, the ceiling in the southeast room, grades three and four, started to collapse. This was caused by the strain on the timbers at the time of the fire. The complete removal of the ceiling, the repair of the timbers and the replacement of the ceiling was one of our extensive repairs during the last summer.

## MISCELLANEOUS REPAIRS

The rooms were redecorated at North Swanzey, East Swanzey, Swanzey Center and Westport. These rooms had not been painted during the war years and were, therefore, in a bad condition. The outside of the building at North Swanzey was also painted. The Swanzey Center School is next on our schedule for outside painting. It is hoped that this may be completed during the coming summer.

The artesian well and pump installation at East Swanzey is functioning to complete satisfaction. The only building now without flush toilets and running water is the Westport School.

There has been some interest expressed in initiating a lunch program in the North Swanzey School. After some discussion of this possibility, it was felt that our budget would not this year permit the many expenditures necessary to initiate a lunch program at North Swanzey. It is planned at some later date to finish a room in the basement, lay a cement floor and to provide necessary heating, plumbing and electrical connections. The cost of such a room plus the cost of equipment would necessitate a special item in the warrant. The great increase in the

cost of operating schools this year made it seem impractical to request money for this purpose at the present time. It is hoped that definite plans may be made to accomplish this project in the summer of 1948.

## CLASSROOM NEEDS

As was reported last year, most of our school rooms need additional library and reference materials. The impact of many other needs restricted our purchases in this area. We have one school with two encyclopedias, one published in 1860 and the other in 1904. An order has been placed for a secondhand 1935 edition of an encyclopedia for this school. Inasmuch as most encyclopedias cost over $100.00, it is evident that we will have to increase appropriations to keep our schools up to date on recent developments. We plan to buy at least one new encyclopedia next year. If one encyclopedia is added each year, it will still take six years to equip our upper grade classrooms with encyclopedias. Encyclopedias are not necessary in the lower grades but many library collections, such as "The Book House," are available for use in these grades.

Money has been included in the budget next year to purchase a film service for the projector for which money is being raised at the Cutler School. The school board plans to provide the necessary dark curtains to equip one of the rooms for projection.

## PERSONNEL

Mrs. Earl Capron was transferred from grades five and six to grades seven and eight at Cutler School to replace Mrs. Florence Kellom who resigned. Miss Millicent Williams, a 1946 graduate of Keene Teachers College, was employed to teach grades five and six at Cutler School. Miss Viola Fenton, a graduate of Castleton Normal School, was employed to replace Mrs. Ruth Moultrop in grades one to four at East Swanzey.

## TESTING PROGRAM

The Metropolitan Achievement Tests were administered to all pupils in the Swanzey schools this year. The Swanzey pupils in the ninth grade at Keene High School were also given achievement tests. All of the schools in Supervisory Union No.

25 were selected by the World Book Company to participate in the National Standardization Program of the Metropolitan Achievement Tests. The results obtained from these tests are to be used in the establishment of new national norms. All pupils were tested in the following areas:

1. Reading.
2. Vocabulary.
3. Arithmetic Fundamentals.
4. Arithmetic Problems.
5. English
6. Literature.
7. History.
8. Geography.
9. Science.
10. Spelling.

While space does not permit a detailed analysis of this testing program, it should be stated that the Swanzey pupils compared favorably with those in other sections of the country.

The Pintner General Ability (intelligence) Tests were administered to every child in the Swanzey schools last year. All first grade pupils and all new pupils have been given the same test. Intelligence quotients are available for every child in this system. It is customary to give intelligence tests once every three or four years. The next complete testing program will be given during the school year 1948-1949.

I wish to take this opportunity to thank the School Board, teachers, and citizens for their cooperation and support.

Respectfully submitted,
RICHARD A. MARTIN,
Superintendent of Schools.

## HELP YOUR FOREST FIRE WARDEN PREVENT FIRES—IT PAYS!

The prevention of forest fires is the most important and difficult part of the work of your forest fire warden who heads a local organization set up primarily for the security of your community's forest property. The importance and value of the work of the forest fire warden and his deputies is, perhaps, best appreciated during hazardous periods when fire danger is greatest. The public, however, looks to him at all times for speedy and economical suppression of going fires

To property fulfill his mission, the warden needs the generous and understanding cooperation of the public at large. He attempts to secure this cooperation by the posting of caution notices, news items and by word of mouth, always carefully explaining the necessity of restrictions imposed. In the matter of giving cooperation, however, the public often fails. The record shows that an average of 7,300 acres of woodland are burned over by forest fires in New Hampshire each year. Analysis of fire causes reveal the fact that more than 98 percent of all forest fires are, consistently, the result of human carelessness and are preventable.

The careless smoker fails to properly extinguish his cigar, cigarette or pipe ashes or thoughtlessly throws them from the car window; the debris burner fails or refuses to consult the warden, as the law requires when the ground is not covered with snow, before attempting to burn; campers fail to properly extinguish their fires or frequently build fires when conditions are unfavorable.

Remember these rules:

1. Use ordinary common sense with fire in and near woodland.
2. Comply with requirements on the use of fire in and near woodland and when the ground is not covered with snow, secure written permission to burn from the forest fire warden.
3. Be careful when smoking in or near woodlands. Don't throw lighted material from moving vehicles.
4. Cooperate with and assist the warden and urge others to do so.
5. HELP YOUR FOREST FIRE WARDEN PREVENT FIRES—his efforts are only as effective as is the cooperation you give him!

F. J. BAKER,
District Fire Chief.
